## **Candidate's statement**

I would like to thank you for nomination of candidate for the Secretary of ACCE and I confirm to accept the nomination.

ACCE is becoming a well-know international corrosion organization which provides world-wide communication and cooperation for Chinese-speaking corrosion engineers. Getting involved in the activities is an excellent way to gain valuable professional experience and network with corrosion professionals all over the world. If I were elected the Secretary of ACCE 2006, I would like to continue pursuing most of the objectives that I have actively pursued during the past one year of service to this organization. Moreover, I commit to work hard on supporting and helping our President and Vice President to achieve the goal of ACCE 2006.

I am confident that I will make contributions to ACCE as a secretary. Acquiring the secretary position of ACCE will also enable me to have an opportunity to be successful in pursuit of excellence in this area.

Thank you for your kind consideration.
